**Iyanatul Islam : Beyond Macroeconomic Stability: Structural Transformation and Inclusive Development (Advances in Labour Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond Macroeconomic Stability: Structural Transformation and Inclusive Development (Advances in

Labour Studies):

This volume goes beyond a narrow conceptualization of macroeconomic stability and explores the link between socio-economic policies, structural transformation and inclusive development. It rests on three thematic pillars: the limits of conventional macroeconomics; the long run agenda of structural transformation and the development of capabilities.
