John C. Maxwell : Beyond Talent: Become Someone Who Gets Extraordinary Results before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beyond Talent: Become Someone Who Gets Extraordinary Results:

2 of 2 people found the following review helpful. ExcellentBy christieI've read two books by John C. Maxwell before and found them very helpful. He has God-given gift to build others up through what he writes. So, when I saw this title I bought it because I had some questions about how to develop my children's talents. And sure enough, right from the first chapter I am getting more than my money's worth. The author writes in a simple, easy to understand, practical way. The book is written to bring the reader from one point to another so as to show the way to go and build plans of action. I believe that it is helpful to anyone who sincerely wants to make something of his/her life.0 of 0 people found the following review helpful. Super amazing book!By Timothy HarrisThis book is for the person who wants to excel and is willing to pay the price. It is loaded with taking you from a certain level of talent and showing you it is not anywhere near what you could be with the right direction and willingness to succeed to a 'Talen-Plus' person! This book is over my head and will require me to continue to grow as I read, reread and reread it again!An absolute stunner

of writing excellence!!0 of 0 people found the following review helpful. Great ideas for the person who thinks they couldn't because ...By Otensia Dallas-SmithGreat ideas for the person who thinks they couldn't because they are not at the top of the class. Also awesome for people who have great talent but have not found their drive. Wish it was a bit easier to read for a younger audience.

New York Times best-selling author John C. Maxwell shows that talent is just the starting point for a successful impact in any organization. It's what takes you beyond your talent that matters. People everywhere are proving him right. Read the headlines, watch the highlights, or just step out your front door: Some talented people reach their full potential, while others self-destruct or remain trapped in mediocrity. What makes the difference? Maxwell, the go-to guru for business professionals across the globe, insists that the choices people make—not merely the skills they inherit—propel them to greatness. Among other truths, successful people know that: Belief lifts your talent. Initiative activates your talent. Focus directs your talent. Preparation positions your talent. Practice sharpens your talent. Perseverance sustains your talent. Character protects your talent. . . . and more! It's what you add to your talent that makes the greatest difference. With authentic examples and time-tested wisdom, Maxwell shares thirteen attributes you need to maximize your potential and live the life of your dreams. You can have talent alone and fall short of your potential. Or you can go beyond talent and really stand out.
