He could'da been a contender, but he took a dive.By David MartinShort-story in large type; well-suited for the intellectually disinclined. It has some cute stuff but it is about what one might expect

from a timeshare tout. Poorly written and considering the well-known honesty of those in timeshare sales, one has to suspect that very little of it is based in truth. 3 of 3 people found the following review helpful. Silver tongued sunseeking smoothies
By EvaWow! I can't remember when I had this much fun reading. This hilarious and sometimes frightening tome kept me up all night and away from work. Mr Ley is living the life we all dream of in all the worlds holiday hotspots using only his wits as currency. He takes us with him as he relives his travels from the UK. You will laugh and cry as you delve into his loves, losses and howl with laughter as he reveals dodgy sales tactics. It is impossible not to like this mouthy Jack the lad and when you have finished reading prepare yourself. You will undoubtedly feel an irrational impulse to throw caution to the wind and follow in his footsteps. Buy it. Read it. Love it!!!

In 1988 a fresh-faced 18-year-old, Barry Ley, made his first tentative foray into the cut-throat world of timeshare sales. This book chronicles his adventures around the world, from side-splitting anecdotes of sales tactics to hair-raising tales of extortion and organised crime. It follows Barry's story from his first days as a rep in 1988 to his time in Mexico, detailing all his adventures, relationships and losses along the way. Ninety per cent of those who enter the timeshare business give it up within a fortnight, such are the pressures they face. But for those who stick it out the rewards can be sky high: the chance to earn big money, and have a bloody good time doing it. Blaggers is an insider's exposeacute; of timeshare salesmen - the people we all love to hate - as they fast-talk and freewheel their way around one of the most ruthless marketplaces on earth.

About the Author Barry Ley has been travelling the world for the last 12 years. He has lived and worked in many parts of it, including mainland Spain, the Canary Islands, the Balearics, California, Mexico and Thailand.
