From Palgrave Macmillan : Bricolage, Care and Information: Claudio Ciborra's Legacy in Information Systems Research (Technology, Work and Globalization) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bricolage, Care and Information: Claudio Ciborra's Legacy in Information

Systems Research (Technology, Work and Globalization):

Claudio Ciborra was one of the most innovative thinkers in the field of information systems. This book explains the intellectual contribution of Ciborra's work in a substantial introductory chapter, contains the most significant of his articles, and provides a sample of research that draws from his ideas.

About the AuthorCHRISANTHI AVGEROU is Professor of Information Systems at the London School of Economics and Political Science, UK. Her main interests concern the relationship of ICT to organizational change and the role of ICT in socio-economic development. She is chairperson of the IFIP Technical Committee 9 on Social Implications of Information Technology and she chaired the IFIP WG 9.4 group on computers in developing countries from 1996 till 2003. Among her recent publications are Information Systems and Global Diversity, and The Social Study of Information and Communication Technology: Innovation, Actors, and Contexts, both published by Oxford University Press. nbsp; GIOVAN FRANCESCO LANZARA is Professor of Organization Theory at the University of Bologna, Italy and Visiting Professor at the London School of Economics and Political Science (Information Systems and Innovation Group, Department of Management). His main research interests are in the areas of organizational learning and design, ICT-based innovation, and in the evolutionary dynamics of social and political institutions. More recently he did research on the relationships between knowing and organizing. He is the author of several articles published in major international journals and currently co-authoring and co-editing a book on 'ICT and Innovation in the Public Sector' for Palgrave MacMillan. nbsp; LESLIE P. WILLCOCKSnbsp;is Professor of Technology Work and Globalization at the London School of Economics, UKnbsp;and Political Science,nbsp;nbsp;head of the Information Systems and Innovation group and director of The Outsourcing Unit there. He is known for his work on global sourcing, information management, IT evaluation, e-business, organizational transformation as well as for his practitioner contributions to many corporations and government agencies. He holds visiting chairs at Erasmus, Melbourne and Sydney universities and is Associate Fellow at Templeton-Green College, University of Oxford. He has been for the last 18 years Co-Editor-in-Chief of the Journal of Information Technology, and is joint series editor, with Mary Lacity, of the Palgrave book series Technology Work and Globalization. He has co-authored 32 books, including most recently Major Currents in the IS Field (Sage, London 2008 ndash; 6 volumes), and Global Sourcing of Business and IT Services (Palgrave, London, 2006) He has published over 180 refereed papers in journals such as Harvard Business , Sloan Management , MIS Quarterly, MISQ Executive, Journal of Management Studies, Communications Of The ACM, and Journal of Strategic Information Systems.
