Susan Hodgson : Brilliant Tactics to Pass Aptitude Tests: Psychometric, numeracy, verbal reasoning and many more (Brilliant Business) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Brilliant Tactics to Pass Aptitude Tests: Psychometric, numeracy, verbal reasoning and many more (Brilliant

Business):

Selection tests are now common in interviews and this book covers everything you need to know from knowing what the tests are used for to how to do well in them. This book explains why employers put you through these hoops, and why you shouldn't worry about them. It offers ways for you to prepare for, survive and improve your selection test results, assess your own ability and learn how test results are weighted against other selection methods. This book will include comments from employers who use the tests, psychologists who design them, and applicants who have faced them. This book provides reassurance and plenty of genuine work-through examples. It covers everything right down to test anxiety, test simulations and misuse of tests.

From the Back Cover How many bumps are there on a pineapple and what is special about this number? There is a serious mathematical answer to this question and it's an old favourite in numerical reasoning tests. Do you know the answer? Selection tests are now common. **Brilliant Tactics to Pass Aptitude Tests** tells you what they are, what they are used for and what employers are looking for. It covers all the common tests right down to the lesser-known anxiety tests. There are a number of sample tests for you to test yourself and prepare, plus advice from employers who use them, psychologists who design them and applicants who have faced them. **BRILLIANT OUTCOMES** Know what to expect – all tests are covered Be prepared with the sample tests provided Insider tips reveal exactly what recruiters are looking for Whether you're aiming at the big graduate recruiters, an internal promotion, a mid-career job move, or even change of profession, learn brilliant tactics to pass any of the tests they might throw at you. About the Author Susan Hodgson has run a university careers service and worked closely with students preparing them to take many of the tests covered here and helping them to deal with the results. She has also worked closely with employers, in many instances helping them to use her practising students as guinea pigs for some of their aptitude development tests.
