Laura Pedersen : Buffalo Gal: A Memoir before purchasing it in order to gage whether or not it would be worth my time, and all praised Buffalo Gal: A Memoir:

1 of 1 people found the following review helpful. Can't Stop This Gal!By MTGA thoroughly delightful read that I would recommend to one and all. Pedersen may have started off her life with disadvantages but overcame them with amazing results.1 of 1 people found the following review helpful. Unique and Worthwhile ReadBy CustomerFunny, informative, great social history of the" City of Good Neighbors" which makes it clear to the reader of this memoir that Buffalo is a great place to live and grow up. Loved Laura's narrative style and story. Laughed out loud.5 of 5

people found the following review helpful. A great read and a great authorBy CBMWhat fun! I previously had read Ms. Pedersen's books, *Beginner's Luck* and *The Big Shuffle*. I read one of these books to see if they would be appropriate for my teenage niece and ended up buying more of her books for myself and recommending them to my friends! What I loved about her fictional works were the vivid characters that she created. They were interesting, unique, funny and quirky.....and you cared about them. After reading her memoir one understands that the author has a distinctive way of seeing, expressing and living life. She brings her upstate NY upbringing, family experience and a time and place in history into her writing. She is able to express love, intelligence and caring in a unique voice and with great humor.Regardless of where you grow up, you always have times where you feel different and misunderstood; these are universal themes that Ms Pederson so creatively shares and expresses. Her way of looking at life is wonderful. That she accomplished and experienced so much at such a young age is nothing short of amazing. But it is ultimately her great wit and humor that will draw you in.....

This vibrant memoir about growing up in upstate New York during the 1970s shares the humorous ups and downs of the Pedersen family. Combining laugh-out-loud humor with a genuine slice of social history, New York Times writer Laura Pedersen paints a vivid portrait of an era.

"Buffalo Gal: A Memoir, by Laura Pedersen, offers a humorous look at growing up in upstate New York during the 1970s." #8212Publishers Weekly"Above all, this book is laugh out loud funny. Pedersen infuses the book with humor and a wonderful take on the world in which she grew up. Her excellence in writing allows her to infuse deep humor without slapstick and without taking away from or demeaning a life, a place, and a time." #8212Front Street sAwardsHonorable Mention, Memoir category - Eric Hoffer Awards (2009)
