Best essays: Rex Tillerson, John Briscoe and, in particular, Christine Lagarde. Probably the first time that a head of IMF talks so clearly about age-related payments as a debt of governments that appears

nowhere in the public accounting. For me this book is 'must read'.0 of 0 people found the following review helpful. A collection insight and constructive thinking,By CustomerRecommended read for any aspiring international business leader.

On the occasion of Peter Brabeck-Letmathersquo;s 70th birthday a group of his friends invited 31 authors to contribute to this festschrift, honoring his great achievements in providing business leadership and contributing to public dialogue on important issues. Leaders from politics, academia, civil society and business who know Peter Brabeck draw a fascinating, multifaceted picture of the quality, speed and nature of the ongoing and often accelerating change taking place in society, technology and markets. It is a change that is not only relevant for him as chairman of Nestleacute;, but also for citizens and businesses around the world today, and in years to come.
