Robert Scheinfeld : Busting Loose From the Money Game: Mind-Blowing Strategies for Changing the Rules of a Game You Can't Win before purchasing it in order to gage whether or not it would be worth my time, and all praised Busting Loose From the Money Game: Mind-Blowing Strategies for Changing the Rules of a Game You Can't Win:

1 of 1 people found the following review helpful. Great read
By Mary Smith
If you have never considered that we live inside a constructed hologram then you are in for a shock. But it's very interesting, I actually manifested a sore throat to deal with before I even got through the book. I was eating supper and was perfectly fine then about halfway through I got an intense pain in my throat and though it took a while I took back my power from it and it went away.
5 of 6 people found the following review helpful. An interesting approach to life
By Nancy L. Allen
I bought this book on the recommendation of a friend. I find it interesting in its approach to life, although a little extreme in saying that everything in your world is simply a made-up scenario, all the people, things and events are scripted and created by you, and that the only way to "bust loose" is to acknowledge this and "take back your power" of creativity. I ended up feeling very isolated and not "free" at all. Eventually I came to realize that this is merely another way of dealing with the concept of self-actualization, that we are after all in charge of our lives. and that our thoughts do indeed determine our destiny. My opinion is that it's an interesting book but maybe not to be taken too literally.
1 of 1 people found the following review helpful. Truly amazing book
By Customer
I have never read a book like this before, I have read a lot of books on Metaphysical, LOA, Etc. and this one was different and I mean that in a good way. It wasn't the same old approach that I am use to seeing. I loved it and it has helped me tremendously. I am not going to give away any of the book only because you should read it for yourself and give your own opinion of it. I only want to say it really is in a class of its own.

Real people, real transformations! "Absolutely amazing! It completely shifts your paradigm for life. One of the most wonderful things about it is that the results are immediate. My whole perception and relationship to money has undergone a major, substantial change."
mdash;Chris Attwood, writer and teacher, California "I've spent most of my life trying to figure out what's true and what's real. I have to say I now have a clear glimpse into what it really is."
mdash;Tom Hill, Colorado "Before Busting Loose from The Money Game, I was very unhappy and frustrated in my life. I was driven to find more ways to make money. I changed jobs, cities, countries, went back to school, read books. Financially, the stress was causing anxiety attacks and migraines so severe I stayed in bed. The joy I feel now is priceless. Money is there when I need it, in the amount that's needed, no matter what occurs (car repairs, unplanned trips, etc.). It's absolutely amazing!"
mdash;Suresh Thakoor, Texas "As a retired professor on a fixed and limited income, I always lived from a tight budget and felt compressed by it-especially at the end of the year. I don't use a budget anymore and have opened up new streams of income that were always closed to me in the past."
mdash;Howard Rovics, Connecticut "It opened a whole new dimension for me and shifted my perspective on life completely. I especially love how practical it is. The application is so simple, so effective . . . and fun!"
mdash;Doris Kahle, Hagen, Germany "I'd had a lot of success in the corporate arena, made a ridiculous amount of money and lost a ridiculous amount of money. But I was caught in a cycle of making it, losing it. I needed to break that cycle-for myself and my family-and this gave me the keys to do that. Busting Loose from The Money Game opened a window I had no clue even existed. This is very cutting-edge, a revolutionary approach to unwrapping yourself from limitations. If you're not satisfied with where you are financially and you're concerned about your future, get this book!"
mdash;Ben Coleman, Texas
