and personal. I liked reading his story, and what a story he has to tell! The only thing that I didn't like about the book was that it was a little dated when talking about investing tax free using a self-directed IRA account. It seems like he wrote that part of the book at an earlier time and just added it in, as the yearly allowed contribution amounts have changed from the \$2,000 per year that he mentions in the book. In contrast to other only actual review of the book on , I found it to be a good representation of how judgment liens work, and I think that anyone who is interested in Judgement liens and doesn't know much about them could learn about them from reading this book. Perhaps the author of the other review thought he was reading a book about tax liens. If it's tax liens you're interested I suggest you read my .99 book on , Tax Lien Certificate Investing2 of 2 people found the following review helpful. \$10 investment saved me \$1000By elamitI knew this book would be about purchasing judgments and or judgment liens. I listened to one of Mike Warrens seminars and he pitched the idea of buying his course for \$997. I thought that was fine, but first let me buy his \$10 book to see what I am getting into. I am extremely happy that I bought the book first. The book is full of fluff and focuses to much attention on the author. It being only 100 pages of material you kinda need to get to the point. He touches on finding judgments, but wants you to attend a 3 day seminar to get more details. This book actually gives more information on taxes, and IRA's than judgment purchases and execution. To me, this is a terrible book! But it saved me \$1000, which can be invested in more beneficial ways.1 of 1 people found the following review helpful. Thinking Outside The BoxBy Harry E. Chisolm Jr.I thought this was going to be about tax liens. It wasn't. It's about judgments and how you can make a living buyingand holding them. And if you do it in your self directed Roth IRA, you can do it tax free. Wile it is not as glamorous as sayReal Estate investing, it has less competition and more prospects every year.
