**William J. O'Neil : How to Make Money in Stocks: A Winning System in Good Times and Bad, Fourth Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Make Money in Stocks: A Winning System in Good Times and Bad, Fourth Edition:

0 of 0 people found the following review helpful. great graph analysis to practice trends.By Nate M.not really a book for beginners. Very dry and lots of graphs for you to consider trends of. Great for a reference, but I skipped around a lot to find the information that was useful to me.1 of 1 people found the following review helpful. Opened my eyes to

what I'd been doing wrong in previous attempts to invest in individual stocks! By ProComputerGeek I wish I'd known about this system in the late 90s when I first tried to invest in individual stocks. This volume does a good job of explaining O'Neil's CAN SLIM investing system. There are a lot of plugs for Investors Business Daily (IBD), which is O'Neil's newspaper, so be prepared for that. I must say that an IBD and investors.com subscription is a minimum requirement for efficiently using CAN SLIM since nearly all of the information you need to use the system is contained in those resources. There are alternate buy points and advanced topics that are not covered in this book. He isn't going to give everything away in one book so he can sell his workshops and self study packages, but the basics covered in this book can get you started outperforming the market with some practice. 1 of 1 people found the following review helpful. Best book I ever read for stock investing. Best book on buying stocks I ever saw. Gives examples, reasons, charts (over a hundred). Following this stock investing method is fairly easy. NOT a get rich quick scheme, but a way to invest with some great returns and reduced risks of loss. The author has been investing and advising for many years. Much research and thought went into this stock investing methodology. For the novice, highly recommend purchasing this book along with the companion "How to Make Money in Stocks -- Getting Started." This latter book is an extremely simple step-by-step that carefully follows this methodology.

**THE NATIONAL BESTSELLER!** Anyone can learn to invest wisely with this bestselling investment system! Through every type of market, William J. O'Neil's national bestseller, *How to Make Money in Stocks*, has shown over 2 million investors the secrets to building wealth. O'Neil's powerful CAN SLIM® Investing System—a proven 7-step process for minimizing risk and maximizing gains—has influenced generations of investors. Based on a major study of market winners from 1880 to 2009, this expanded edition gives you: Proven techniques for finding winning stocks before they make big price gains Tips on picking the best stocks, mutual funds, and ETFs to maximize your gains 100 new charts to help you spot today's most profitable trends PLUS strategies to help you avoid the 21 most common investor mistakes! I dedicated the 2004 Stock Trader's Almanac to Bill O'Neil: His foresight, innovation, and disciplined approach to stock market investing will influence investors and traders for generations to come.—Yale Hirsch, publisher and editor, *Stock Trader's Almanac* and author of *Let's Change the World Inc.* Investor's Business Daily has provided a quarter-century of great financial journalism and investing strategies.—David Callaway, editor-in-chief, *MarketWatch* *How to Make Money in Stocks* is a classic. Any investor serious about making money in the market ought to read it.—Larry Kudlow, host, *CNBC's "The Kudlow Report"*
