Robert E. Lettin : How to Retire at Any Age before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Retire at Any Age:

The key to financial freedom is having enough monthly income. You are free to decide whether you go to work or to the beach when what you earn from your investments matches or exceeds what you earn from your monthly paycheck. With proper planning, replacing your W-2 Income can happen at anytime, at any age. There are

three investment strategies that can replace your paycheck. Focus on one or all of them and your day at the beach will arrive sooner than later.
