Bill Quinn : How Walmart Is Destroying America (And the World): And What You Can Do about It before purchasing it in order to gauge whether or not it would be worth my time, and all praised How Walmart Is Destroying America (And the World): And What You Can Do about It:

0 of 0 people found the following review helpful. Most Revealing Book!By Hawkeye45I recently watched a television

documentary that presented very unjust conditions created by Wal Mart as it applies to surrounding businesses, cities, towns and especially to their employees. I must admit, the show was an eye-opener and prompted me to purchase this book. The book goes into much more disconcerting detail about these and many other topics. It contains interviews with former Wal Mart employees and managers, former business owners and former Wal Mart shoppers, all with mind-boggling tribulations about this Mega-Giant. However, the author, in his passion to impart his overwhelming mass of information, becomes rather repetitive in description. The 158 page paperback touts it is a Third Edition, "Completely Revised and Updated". The most recent copyright date is 2005 and obviously contains some outdated statistical data. Nonetheless, the fundamental nature of this publication has never been more significant than the present time. All should take the opportunity to read this most revealing book.

How Wal-mart is Destroying America and the World
By Cachergirl
I have heard many rumors about wal-marts practices dealing with employess and their vendors. I wanted to read this book and learn the true facts. I know personally businesses that have closed when Wal-mart has built a store near a small town. This book was very informative. It was great to hear the stories from actual past employees, These employees quit because their conscience was bothering them so much. I recommend this read. I know i do not wish to do business with a company that has no repspect for their employees. Also wal-mart is using our tax dollars to run their business..Keep an open mind and judge these practices yourself.

After carving up the once lovingly cared-for downtowns of Small Town America, Wal-Mart launched a frontal assault on mom-and-pop businesses all over the globe. With 1.5 million employees operating more than 3,500 stores, Wal-Mart is now the world's largest private employer. In this third edition of *How Wal-Mart Is Destroying America (and the World)*, intrepid Texas newspaperman Bill Quinn continues the fight. Featuring detailed accounts of Wal-Mart's questionable business practices and the latest information on Wal-Mart lawsuits, vendor issues, and efforts to stop expansion, Quinn shows why Wal-Mart Stores, Inc., is arguably the most feared and despised corporation in the world. Whether you're a customer fed up with Wal-Mart's false claims, a vendor squeezed by strong-arm tactics, a worker pushed to increase the Waltons' bottom line, or a concerned citizen trying to save your hometown, this book will show you how to get Wal-Mart off your back and out of your backyard.

BILL QUINN is a World War II veteran, retired newspaperman, and certified anti-Wal-Mart crusader. He lives with his wife, Lennie, in Grand Saline, Texas. From the Trade Paperback edition.

From the Publisher
*A tell-all guide to Wal-Mart's business and employment practices with tips for fighting back.
*Recent charges of sexual discrimination against Wal-Mart precipitated the biggest class action lawsuit in U.S.history.
*A recent study by the University of California at Berkeley estimated that Wal-Mart's employment policies cost California taxpayers \$86 million per year.
