Don Waldman, Elizabeth Jensen : Industrial Organization: Theory and Practice (The Pearson Series in Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Industrial Organization: Theory and Practice (The Pearson Series in Economics):

0 of 0 people found the following review helpful. This is what was delivered as a digital copy of ...By DavidThis is what was delivered as a digital copy of the third edition, when in fact it is a very different international version. I am not able to use this for class. Buyer beware.0 of 0 people found the following review helpful. Poor product qualityBy CustomerThe book came with all the pages completely unattached to the spine of the book.0 of 0 people found the following review helpful. Five StarsBy Taylor AGood book

Written solely for the undergraduate audience, Industrial Organization: Theory and Practice, which features early coverage of Antitrust, punctuates its modern introduction to industrial organization with relevant empirical data and case studies to show students how to apply theoretical tools.
