From Palgrave Macmillan : Industrial Policy in Europe after 1945: Wealth, Power and Economic Development in the Cold War before purchasing it in order to gauge whether or not it would be worth my time, and all praised Industrial Policy in Europe after 1945: Wealth, Power and Economic Development in the Cold War:

Bringing together renowned scholars in the field with younger researchers, this interdisciplinary study of the history of post-war industrial policy in Europe investigates transfers across borders and locates industrial policy in the context of the Cold War from a global perspective.
