**Abbas A. Mirza, Graham Holt, Magnus Orrell : International Financial Reporting Standards (IFRS) Workbook and Guide: Practical insights, Case studies, Multiple-choice questions, Illustrations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Financial Reporting Standards (IFRS) Workbook and Guide: Practical insights, Case studies, Multiple-choice questions, Illustrations:

5 of 7 people found the following review helpful. Not value for moneyBy Manish C. IyerThe book looks to be a summary of the original IFRS text issued by IASB with elementary questions and examples and that too very few. I expected comprehensive disclosure examples and lots of multiple choice questions from elementary to highest level.

IFRS being a disclosure based standard, the book should contain comprehensive disclosure examples for all permutations and combinations to the maximum possible extent. 8 of 8 people found the following review helpful. Brilliant Book!!! By Mag Norman Strobl This is the first book that really explains IFRS very well. The examples are understandable, it's comprehensive and helps on nearly every issue that might arise when dealing with IFRS.

International Financial Reporting Standards (IFRS) Workbook and Guide is a one stop resource for understanding and applying current International Financial Reporting Standards (IFRS) and offers: Easy-to-understand explanations of all IFRSs/IASs and IFRICs/SICs issued by the IASB/IASC up to March 2006 Illustrative examples Practical insights Worked case studies Multiple-choice questions with solutions Technically reviewed by Liesel Knorr, Secretary General of the German Accounting Standards Committee and former technical director of the International Accounting Standards Committee (IASC). Forewords by: Sir David Tweedie, Chairman of the International Accounting Standards Board (IASB) Philippe Richard, Secretary General of the International Organization of Securities Commissions (IOSCO)
