From Routledge : Studies in Accounting (Routledge Library Editions: Accounting) before purchasing it in order to gage whether or not it would be worth my time, and all praised Studies in Accounting (Routledge Library Editions: Accounting):

This volume brings together noteworthy articles in accounting. Some of the pieces existed in journals, but many were commissioned specifically for this volume. They fill gaps in the usual text-books, gaps that are particularly glaring where concepts are at issue. Among other things the articles cover: depreciationdividend lawsocial accountingvalue and incomeinflation
