Miguel A. de Jesus : Success Leaves Clues: Tips and Techniques to Reach Your Maximum Potential before purchasing it in order to gage whether or not it would be worth my time, and all praised Success Leaves Clues: Tips and Techniques to Reach Your Maximum Potential:

0 of 0 people found the following review helpful. Success does Leave CluesBy TinaI purchased this book for a couple of reasons. First and foremost, because I have had the distinct pleasure of working with the author in the past, indirectly, and he is always so knowledgeable, insightful, and inspiring. Second reason for my purchase was to challenge myself to doing things differently in 2014. It starts off by taking you through the five steps to learning and retention, how to market yourself, building a business plan/model, the psychology of why people buy, how customers see us, how much are you worth?, the main purpose of your business, four ways to grow your business, how much are

our customers really worth? This was a great afternoon read. Miguel puts it in basic terms that easily executable and easily identifiable. Whether you a new manager or a tenured manager, I highly recommend this. Even for myself, I have been in management for many years but finding myself in some uncharted waters and this book really helped clear some thing for me and will be put to good use for 2014.0 of 0 people found the following review helpful. Great takeaways and not just more of the sameBy Kendra D.I've read a lot of books that claim they are going to help me reach my maximum potential, so I was skeptical that this one would be any different. I am happy to say this book was anything but "more of the same." There were multiple take-aways for me from this book, but the one that stood out the most was the chapter on the different types of salespeople. As a business owner, I know that sales is a part of my focus, whether I like it or not. Miguel's breakdown was so insightful and allowed me to find a way to implement a style that fit me.0 of 0 people found the following review helpful. 100% on target, a must read for everyone in businessBy JT IppolitoI was extremely lucky to meet Miguel at a business meeting. His insights and business pedigree are spot on. I learned valuable lessons throughout the book.I would recommend this book to Everyone in business

Do you find yourself up at night, worrying about the future of your job or company? Do you believe you've tried everything in your power to make your business successful, with no results? Do you feel neglected or over-looked, yet ripe for your next opportunity?My book will not only turn your business around, it will change your life. Because when your business is successful, that success trickles down into all other aspects of your personal life. With the tips and strategies I provide, you will be able to achieve your goals and-more importantly-see results. Life is too short to be constantly struggling to survive. And in this economy, businesses and employees must be especially savvy and resilient in order to attract and keep customers, and continue growing their business. But without knowing the tried-and-true methods that will allow you to consistently hit these targets, you're only treading water as the tide takes you further out to sea. As a result of my skills and experiences, I am uniquely qualified to help you on your path to accomplishing your vision. I've helped thousands achieve success, and now I'd like to help you. Read my book and discover what has helped Fortune 500 companies, small businesses, and entrepreneurs alike not only stay afloat, but soar high above competition.
