Brian Brown : Successful Finance: Get Brilliant Results Fast before purchasing it in order to gauge whether or not it would be worth my time, and all praised Successful Finance: Get Brilliant Results Fast:

Complex spreadsheets and financial reports can seem overwhelming and confusing. But more and more managers and business owners are required to prepare, understand or interpret financial data. In plain language and using practical

examples, we show you the core skills you need, and explain what you need to know, and when. We show you how to track your costs, manage your budgets as well as interpret and prepare financial reports. You'll learn how a budget can save you money and help you plan, and how to use financial data to identify trends in your business. This book will help you:

- Identify and control your costs and cash flow
- Prepare accurate useful budgets
- Understand and interpret profit loss accounts
- Read a balance sheet and corporate accounts

About the Author After many years working in the finance industry and training finance managers, Brian Brown now employs his business expertise as a full-time writer and editor of books that help businesses improve their performance.
