BusinessNews Publishing : Summary: Remember Every Name Every Time: Review and Analysis of Levy's Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Summary: Remember Every Name Every Time: Review and Analysis of Levy's Book:

1 of 1 people found the following review helpful. I have read a few books on remembering names and this one has the good stuff from all of them. By Jay in Phoenix Well presented meat without the filler. I have read a few books on remembering names and this one has the good stuff from all of them. It presents two systems. One or both will appeal

to everyone serious about the subject. 0 of 0 people found the following review helpful. Maybe that's fine for books on grand theory. By Review Displayer I guess this summary's fascinating in its way - in the way it condenses a book of over 200 pages into 44. But everything that gives the original its practical value - full-color photographs, exercises, variations in instruction for people who learn differently - is now gone, leaving you with a skeleton. Maybe that's fine for books on grand theory, but for a book that talks about paying attention to details as an essential component for success, a summary just can't provide the workshop / teacher-right-next-to-you feel of the original.

The must-read summary of Benjamin Levy's book: "Remember Every Name Every Time: Corporate America's Memory Master Reveals His Secrets". This complete summary of the ideas from Benjamin Levy's book "Remember Every Name Every Time" shows how being able to remember the names of people you meet is an invaluable business and career-building tool.
