Russell Simmons, Chris Morrow : Super Rich: A Guide to Having It All before purchasing it in order to gauge whether or not it would be worth my time, and all praised Super Rich: A Guide to Having It All:

1 of 1 people found the following review helpful. Came into my life at the right time. By DJI remember getting Do You! For a graduation gift, since then I knew unc dropped jewels for life. Understandable jewels. That was almost 8, 9 years ago. After that a year or so ago I brought uncs meditation book (where I learned of this book) which slowly but consistently changed my life. I have always been a consistent seeker of God. I mean my tweeter name is @godseeking. But the point is that when u are seeking the outside world for God it starts to get confusing. Then u realize he is inside of u always talking and giving u signs throughout the universe. All we have to do is follow them. I

appreciate this book because from unc level all the way down to my worldly level. It's the same truth. "The art and the artist our one". Our creator is great, and from experience so far I can say the best way to align with the universe is to start within. Because we our apart of it. Yall have a blessed day. ~dj0 of 0 people found the following review helpful. Excellent read.By Valerie J. NelsonI enjoyed this book very much. I think he is a very good story teller. I do tm.0 of 0 people found the following review helpful. Love this! Every single book I've read is an ...By Kathleen AsherLove this! Every single book I've read is an easy read, un complicated and perfectly written. Total necessity to clear your mind and move forward!

The visionary entrepreneur and author of the New York Times bestseller *Do You!* delivers a powerful guide to true abundance. Russell Simmons knows firsthand that wealth is rooted in much more than the stock market. True wealth has more to do with what's in your heart than what's in your wallet. Using this knowledge, Simmons became one of America's shrewdest entrepreneurs, achieving a level of success that most investors only dream about. No matter how much material gain he accumulated, he never stopped lending a hand to those less fortunate. In *Super Rich*, Simmons uses his rare blend of spiritual savvy and street-smart wisdom to offer a new definition of wealth-and share timeless principles for developing an unshakable sense of self that can weather any financial storm. As Simmons says, "Happy can make you money, but money can't make you happy." In straight-talking inspiring chapters, Simmons provides unforgettable true stories from his own road to riches, delving into the principles and practices that have kept him energized and focused. Whether we're in the boardroom or on a yoga mat, Simmons says, we have to be able to listen to our inner voices. Finding our unique potential, we can make the right moves, ruled not by money but by the joy of conscientious living and giving. With these philosophies and more, Simmons brings us a stimulus package of consciousness that will never run dry, backed by the power of the higher self.[Watch a Video](#)
