Samuel Certo : Supervision: Concepts and Skill-Building before purchasing it in order to gage whether or not it would be worth my time, and all praised Supervision: Concepts and Skill-Building:

0 of 0 people found the following review helpful. Exactly what I orderedBy jheikesI bought this book for a college class. I was happy with the product. It was what I needed and it was the book I ordered. I also think it was package properly and I received it with no damage. The price was reasonable for a college book which others that I have bought new were outrageously priced.0 of 0 people found the following review helpful. Love the current updates that brought about the change in ...By CustomerThis book has a wealth of knowledge in it.. I see the changes in the workforce and in business. the last time I studied this was in 1988. Wow, the difference in the explanations and theory as compared to the 20th century. Love the current updates that brought about the change in supervising a diverse culture.0 of 0 people found the following review helpful. Not very challengingBy StockholmSydneyA requirement for a Supervision class I'm taking. The writings and lessons are somewhat obvious, but I'd rather that than overly complex. The review and discussion questions at the end of the chapters do make me think "outside of the box"

Certo's Supervision: Concepts and Skill-Building 8e prepares students to be supervisors in a challenging modern workplace. It is based on the premise that organizational variables including diversity in the workforce, computer and communication technology, and the design of organization structures are constantly changing. Overall, this text focuses on discussing important supervision concepts and providing fundamental skills necessary for applying these concepts. Students will learn the critical role of a supervisor in an organization and the abilities needed to be successful.
