Victor Thuronyi : Tax Law Design and Drafting, Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Tax Law Design and Drafting, Volume 2:

A comprehensive guide to income tax legislation, this book is the second of two volumes dealing with tax legislation from a comparative law perspective. Distilled from the IMF Legal Department's extensive experience, the book covers a wide range of issues in both domestic and international taxation. It also includes the most extensive bibliography currently available of the national tax laws of IMF member countries.
