Ruben Resendez Quick read and straight to the point. This was a great book that served as an excellent guide to implementing a code of honor across our team at a time where there had been some mistrust between team members. The process of developing a Code of Honor among our team helped identify some areas of concern that were unknown before starting this exercise. The book is more than just a guideline on developing a philosophy for a team to follow but also lends its hand to leadership principles that would help anyone looking for ideas to bring a team closer together and perform at the next level. 0 of 0 people found the following review helpful. A process in action By jcohen Am in the process of reading this book. Played the audio twice. Reading is a bit different. Like what it is saying and need to apply it to my daily habits.

Every great team, culture, society, religion or business that has endured time, adversity and challenge has always had one thing in common: a set of simple but powerful rules that govern the internal behaviors and expectations of that group. It is called The Code of Honor. We hear of these Codes when we think of things like The Ten Commandments, the Marine Corps or the Constitution. Yet if sales is the number one skill in business, number two has to be the ability to bring ordinary people together to build a championship team. This does not happen by chance or by the simple accumulation of talent. The Code is the core ingredient to creating winning organizations. The book is a step-by-step guide for any individual, group or company to actually create a Code of Honor specific to their team. The Rich Dad Poor Dad Advisor series was designed as a "how-to" series to empower individuals to succeed in the world of business and finance. "Team Code of Honor" is critical to this series because its processes bridge all facets of business, investment, entrepreneurship and even personal life. The book explains through graphic examples, stories and numerous case studies how a Code or set of rules is created, maintained, enforced and used for rapid and controlled growth of any entity. The book is designed as an operating manual for putting any business team together. It steps you all the way from properly choosing players, to creating the Code, to increasing performance and to winning. Each chapter gives the team specific assignments and examples so that by the time you have completed the book, your Code is in place and your team is operating at a true championship level.

About the Author For more than two decades, Blair Singer has empowered people around the world to go beyond their ordinary selves and reach peak performance rightfully earning him a worldwide reputation as an expert in sales, business and personal growth. A dynamic, in-demand public speaker, trainer and coach, Singer has the unique ability to get people and organizations to shake up the status quo, change behaviors and achieve unprecedented results. Spanning 20 countries on five continents his clients range from Fortune 100 companies to small business owners, entrepreneurs, sales teams and just regular folks while his programs touch hundreds of thousands of people globally each year. He applies the same tried and true principals that work for big corporations and successful entrepreneurs to the Business of Everyday Life helping individuals hungry for greater success. As one of Robert Kiyosaki's original Rich Dad Advisors, Singer imparts two of the most critical skills and elements for success in business (and in life): being able to sell your idea, dream or concept and to build a great team to deliver it. His unique slant however is that the road to success is paved through personal development and knowing how to overcome the limitations and obstacles that arise both personally and within groups. He is the author of three best-selling books: Sales Dogs: You Don't Have to be an Attack Dog to Explode your Income; The Team Code of Honor, and his latest book, "Little Voice Mastery: How to Win the War Between Your Ears in 30 seconds or Less – and Have an Extraordinary Life!". Singer is co-founder and CEO of Sales Partners Worldwide, a dynamic sales and personal growth training company deployed in over fifteen countries made up of professional mentors and business builders who work one-on-one with businesses and corporations to help them achieve double-digit growth in any economy. Around the world, he is considered the "teacher of teachers" in the world of personal development training and business education having created hundreds of training programs and trained thousands of individuals worldwide to replicate their expertise using his unique brand of high impact teaching methodology. "While working with Blair we increased our insurance premium sales by over 600 million dollars while more than doubling our recruiting efforts..." - Jason Tyne, World Financial Group Blair Singer is a great communicator, a great teacher and a great human being. Like he says, when it comes to winning, it's all about mastering your "Little Voice." - Robert Kiyosaki, Rich Dad Poor Dad, author, teacher and entrepreneur
