Very nice collection and very well thought of advise /opinion on the situations described. Excellent collection, well worth the time to read!0 of 0 people found the following review helpful. Love this author!!!By Kay McAloneyI love anything written by Lucy Kellaway. These are actually things that happen in an office! I love Lucy's

sense of humor! 0 of 0 people found the following review helpful. Wonderful book
By Customer Lucy Kellaway is wonderful author; I would highly recommend this and any of her books. She is a fun read with a very engaging style.

Should I tell my boss what I think of him?" How can I be more political and still be myself?" I have to sack my friend or fire someone better." I am a foreigner and my views are ignored Typical conundrums faced by many of us, and just a few of the hundreds sent every week to Lucy Kellaway's popular 'agony aunt' column in the Financial Times. The sharp down-to-earth advice is invaluable for anyone negotiating the minefield of the modern office. Whether it's a problem of working with an ex-lover, firing a litigious employee or dealing with accusations of racism, Kellaway's advice is always simple and practical, and essential reading for those trying to cope with troublesome co-workers. Better still, there is the wisdom, rage, expertise and folly of the managers and self-appointed experts who add their thoughts. This is like *Why Don't Penguins' Feet Freeze?* for business. And very funny too.

"...covers the gamut of problems that can crop up in office life...her answers will also offer much needed help and balm to soothe the troubled office waters." -Publishing News
"It dispenses water-cooler wisdom, not motivational gobbledeygook...Traditional management advice has not addressed the nitty gritty of everyday office life. But a new book gets to the heart of those tricky questions that employees, rather than employers, want answered". Sunday Times
"...how to survive the awkward dilemmas of office life." -Radio 4 The Bottom Line
"Full of wit and wisdom." —Time Out
"Hilarious—has just the advice you need." —Daily Mail
