It basically just outlined Al Checchi's life and his accomplishments. It is an interesting read, but did not particularly help me understand a way to improve my life and create a difference in the world. 0 of 0 people found the following review helpful. Five Stars By Pasquale Tamburino Great book!! 1 of 1 people found the following review helpful. Why America is Great and how to keep it that way. By W. Reel An extremely well written

recount of Mr. Checchi's positive impact on this country, and his insights and guidance for leading the way to maintaining and increasing the greatness of America.

Entertaining, fast-paced, instructional, *The Change Maker* is not only a memoir, but a blueprint for how we can change our own lives, as well as the world around us, by providing personal lessons in the values of strategic thinking and responsible leadership. Through compelling true stories, both humorous and serious, Al Checchi demonstrates that through experience, vision, and courage, one person can make a difference and lead others to move beyond their comfort zones and transform our institutions.

“Among the many books on leadership, *The Change Maker* occupies a uniquely powerful position. It is both a moving personal memoir written with grace, eloquence, and remarkable honesty, and a brilliant study of leadership in both the public and private sectors. This superb work deserves widespread attention.” —Doris Kearns Goodwin, author of *No Ordinary Time* and *Team of Rivals*
