Masahiko Aoki, Jinglian Wu : The Chinese Economy: A New Transition (International Economic Association Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Chinese Economy: A New Transition (International Economic Association Series):

China has enjoyed a higher growth rate for a longer period than any other nation to date. This volume brings together

leading economists to analyse this unprecedented economic boom, and discuss prospects for the future. Chapters address a wide range of issues, covering not only financial systems, but also the social and cultural impact of growth.
