A. Davis : The Evolution of the Property Relation: Understanding Paradigms, Debates, and Prospects before purchasing it in order to gage whether or not it would be worth my time, and all praised The Evolution of the Property Relation: Understanding Paradigms, Debates, and Prospects:

Evolution of the Property Relation defines an approach to economics which is centered around the concept of property and explores the historical evolution of the relationship of the individual, private property, and the state, and the distinctive changes wrought by the emergence of the market.

“This book deals with a fundamental item of economics, which is seldom well analysed. . . . The Evolution of the Property Relation is an essay that is interesting to all scholars of political economy. . . . the book is accessible to all graduates, but the exact significance of all reasoning requires a certain experience on this field of historical institutional economics.” (Stefano Solari, *History of Economic Thought and Policy*, Vol. 2, 2015) About the Author Ann E. Davis is Associate Professor of Economics at Marist College, USA, where she founded the Marist College Bureau of Economic Research. She served as Director of the National Endowment of Humanities Summer Institute on the Meanings of Property in June, 2014. She has served as an elected board member of the Eastern Economic Association and the Union for Radical Political Economics. Her publications have appeared in *Science and Society*, *Journal of Economic Issues*, *of Radical Political Economics*, as well as many book chapters.
